

ELISHA RABLEY

Montreal, QC | Palo Alto, CA | Houston, TX | elle.elisha.rabley@gmail.com | www.linkedin.com/in/elisha-elle-rabley-b92aa0346

Stanford OHS alumna and McGill University student with direct experience mentoring pre-collegiate students in residential and academic programs. Proven ability to facilitate inclusive group dynamics, manage behavior in fast-paced environments, and communicate effectively across student, faculty, and administrative audiences.

EDUCATION

McGill University Montreal, QC

B.A. Psychology | Minors: Philosophy & Entrepreneurship | GPA: 3.74 Aug 2023 – Dec 2026

Relevant Coursework: Cognitive Science, Behavioral Economics, Organizational Behaviour, Law, Fundamentals of Entrepreneurship

Stanford University Online High School

High School Diploma 2019 – 2023

Graduate of the same Stanford Pre-Collegiate Studies online learning community this role supports; familiar with the program's academic culture, student expectations, and online engagement model.

RELEVANT EXPERIENCE

Johns Hopkins University CTY Baltimore, MD

Residential Assistant Summer 2025

- Supervised and mentored a cohort of high-achieving pre-collegiate students (Grades 7–12) in a rigorous six-week residential academic program.
- Planned and led large-scale community events and group activities for up to 300 participants, fostering social cohesion and active engagement.
- De-escalated student conflicts and provided individualized support, maintaining a safe and inclusive residential environment under long-shift conditions.
- Collaborated within a 20-person staff team to keep daily programming on schedule; served as a reliable point of coverage during emergency absences.

SPARK Lab, Stanford University Palo Alto, CA

Research Assistant 2023

- Supported developmental research on parenting styles and executive functioning in children and adolescents (ages 5–16) — directly adjacent to SPCS's target student population.
- Recruited and engaged participants, achieving a 95% survey completion rate through consistent, age-appropriate communication.
- Performed preliminary statistical analysis informing cross-study comparisons; contributed to formal documentation and reporting.

Stanford University Palo Alto, CA

Cardiothoracic Surgical Skills and Education Center's Stanford Summer Internship— Summer 2022

- Mastered core surgical skills including suturing and knot-tying under direct mentorship of cardiovascular faculty at Stanford School of Medicine.

- Collaborated on clinical case study projects simulating real-world problem-solving in a high-stakes, precision-focused environment.
- Demonstrated composure and professionalism in a demanding academic medical setting, building disciplined attention to protocol and procedure.

MOGILab — McGill University Montreal, QC

Undergraduate Research Assistant, Pain Mechanisms Lab (PI: Jeffrey Mogil) 2025

- Designed and executed behavioral experiments investigating pain mechanisms
- Synthesized findings into literature reviews supporting peer-reviewed manuscript preparation
- Managed experimental workflows independently, demonstrating reliability and attention to detail

Motherhood Center Houston, TX

Front Office & Program Coordination Summer 2024

- Managed scheduling and workflow coordination for 20+ staff; produced internal communications and logistical documents under time pressure.
- Supported programming logistics for prenatal workshops; remained calm and solution-oriented across high-volume, fast-paced service days.
